Saving %	32%

Plus FREE Office Phones with Vonage

Why Vonage?

Vonage is one of the world's leading providers of cloud-based VoIP business phone systems. Trusted by over 500,000 business users.

What is cloud-based VoIP?

A phone system that gives you everything a traditional phone system does but with one crucial difference: **it's hosted in the cloud.**

- This means you **spend less money** upfront on hardware and maintenance costs
- VoIP gives you much more flexibility because you **can take calls anywhere**; from your desk phone, mobile or laptop
- You get **all the features** of a big business phone system, at a small business price

What do you need to get started?

- A broadband internet connection

The Vonage logo consists of a blue circle above a stylized orange 'V' shape, followed by the word 'onage' in a lowercase, sans-serif font.
